## EDUCATION

MICROVERSE                                                                                    Remote
**Remote Full Stack Web Development Program, Full Time**            October, 2021– Present

- Spending 1300+ hours mastering algorithms, data structures, and full-stack development while simultaneously developing projects with Ruby, Rails, JavaScript, React, and Redux.
- Developing skills in remote pair-programming using GitHub, industry-standard gitflow, and daily standups to communicate and collaborate with international remote developers.
- Completing many group and solo projects while meeting all deadlines.
- Co-operating with many multi-cultural and multi-national team members in a rich and diverse community that strongly promoted inclusivity and equality.
